- > Easy handling - strongly fixed on each other, individual articles can be detached without tools
- > Modular design for flexible application
- > 1x beheizter Behälter, 1x unbeheizter Behälter
- > Thermally insulated transport boxes made of robust polypropylene and polyurethane foam
- > Dishwasher-safe (after removing the heating unit)
- > 1x Circulating air heated by self-regulating heating element
- > heating power: approx. +85°C
- > Heating time for empty containers: approx. 40 min (up to +85°C)
- > Power consumption: 1x 500 W, 220-240 V, 50 Hz
- > Temperature application range: -20°C to +100°C
- > 2 fixed castors; 2 swivel castors with parking brakes
- > 24 plastic support ledges
- > Colour: blue metallic (brown-red fittings)

Product Data

- > L/W/H: 735 x 520 x 1356 mm
- > Art.-no.: 4000777
- > Net weight: 60,4 kg

Packing

- > L/W/H: 800 x 600 x 1600 mm
- > Gross weight: 70 kg

Measurement curve per heater: test with empty container, measuring position in the middle, room temperature: approx. +20°C

Possible combinations (at the moment)
