

etolit Basic Cleaner with bleaching effect

Cleaner, alkaline, bleaching action, for all waterproof and alkali-resistant surfaces

Application / Dosage

- > **etolit Basic Cleaner with bleaching effect** is only for professional use
- > Can be used with the following water hardness: all

**Dosage: Lightly water tiles and joints beforehand
200 - 500 ml / 10 l with 10 - 20 min exposure
time, then rinse with cold water**

- > The concentration of the dosage changes depending on the degree of contamination
- > Dosing is done manually or via an etolmat proportioning device: etolmat ZDE, etolmat ZDE 1

Product Features

- > Intensive cleaner for heavily soiled surfaces and discoloration
- > For the semi-annual basic cleaning of unusually heavily soiled surfaces
- > Enormous oil-, fat-dissolving and bleaching
- > Cleans very powerfully alkali-resistant materials
- > Suitable for use on epoxy resin floors
- > Highly concentrated and therefore very productive

Application

- > Suitable for manual cleaning of all hard surfaces such as floors and walls
- > Suitable for wiping alkali-resistant floors made of PVC, tiles and other alkali-resistant materials
- > Not on alkali-sensitive surfaces such as linoleum, rubber, marble and limestone as well as unsealed wooden or parquet floors
- > Do not bring into contact with acid

Important Information

- > **etolit Basic Cleaner with bleaching effect** is suitable for all food processing companies
- > Do not mix with other products, do not transfer product into other containers
- > Only store and transport the product upright in its original container
- > Ensure good ventilation during application

etolit Basic Cleaner with bleaching effect

Cleaner, alkaline, bleaching action, for all waterproof and alkali-resistant surfaces

Technical Data

- > Colour..... Colorless liquid
- > Density..... 1,1 g/ml
- > pH-value 14
- > Storability..... 1 year
- > Storage conditions.... Between -10 and 30°C

Ingredients

Ingredients according to detergent regulations:
Less than 5 % amphoteric surfactants, chlorine based bleaching agents

- > Chlorine: yes
- > Phosphate: no
- > NTA: no

Residual Emptying/ Disposal

- > Empty containers are recyclable and can be disposed of by the end user.
- > Information on the disposal of product residues can be found in the respective safety data sheet.

Sales Units

Can 10 l
Art.-No.: 2000523
