

etolit Commercial pre-rinsing Agent

Hand dishwashing detergent, high concentrate, without foam formation in the dishwasher

Application / Dosage

> **etolit Commercial pre-rinsing Agent** is only for professional use

Dosage: 30 - 50 ml / 10 l

- > The concentration of the dosage changes depending on the degree of contamination
- > Dosing is done manually or via Smart Pump

Product Features

- > Concentrated product for manual pre-cleaning before machine rinsing
- > Prevents foaming in the dishwasher
- > Based on non-foaming non-ionic surfactants
- > Very good grease dissolving capacity
- > pH-neutral
- > Pleasantly perfumed
- > Pre-rinsing the dishes reduces the amount of dirt entering the dishwasher and thus improves the washing result

Application

- > Suitable for manual cleaning of pots, pans, kitchen utensils and all washable utensils
- > Suitable for all materials such as porcelain, stainless steel, plastic, aluminium and glass

Important Information

- > **etolit Commercial pre-rinsing Agent** is suitable for all food processing companies
- > Do not mix with other products, do not transfer product into other containers
