

# etolit GT 200

Liquid universal rinse aid, concentrated, acidic

## Application / Dosage

- > **etolit GT 200** is for professional use only
- > Can be used with the following water hardness: all
- > If the water is high in salt or very hard, a special water treatment system must be used to avoid mineral deposits on the wash ware

**Dosage:** 0,1 – 0,7 g/l

- > The concentration of the dosage depends on the nature of the wash ware and the water quality on site
- > The dosing is done by an automatic dosing system: etolmat KSS, etolmax KSS
- > Suitable for all automatic dosing units

## Product Features

- > Uniform wetting as well as drip- and streak-free drying of mixing dishes
- > Brilliant gloss
- > Tasteless and odourless
- > Has a foam-reducing effect
- > Prevents calcification of the rinsing system
- > Delivers optimum rinsing results in combination with etolit detergents

## Application

- > Ideal for use with porcelain, stainless steel, plastic and glass
- > Designed for use in band transport, basket transport, hood and under-table dishwashers

## Important Information

- > **etolit GT 200** is suitable for all food processing companies
- > Do not mix with other products, do not transfer product into other containers
- > Store and transport product only in the original container
- > Containers, pipes and dosing devices must be rinsed with water before changing the product
- > The operating instructions of the dishwasher manufacturer must be observed

# etolit GT 200

Liquid universal rinse aid, concentrated, acidic

## Technical Data

- > Colour..... Colorless liquid
- > Density..... 1,0 g/ml
- > pH-value ..... 2
- > Storability..... 4 years
- > Storage conditions.... Between 5 and 30°C

## Ingredients

Ingredients according to the detergents regulation:  
15-30 % non-ionic surfactants

- > Chlorine: no
- > Phosphate: no
- > NTA: no

## Residual Emptying/ Disposal

- > Empty containers are recyclable and can be disposed of by the end consumer via DSD
- > Information on the disposal of product residues can be found in the respective safety data sheet

## Sales Units

**Can 10 l**  
Art.-No.: 2000038

**Can 5 l**  
Art.-No.: 2000387

**Can 25 l**  
Art.-No.: 2000037

**Barrel 220 kg**  
Art.-No.: 2000713

**Barrel 120 kg**  
Art.-No.: 2003572

**Container 1000 kg**  
Art.-No.: 2004811
