

# etolit GT 420 P

Liquid special rinse aid for plastic and mixed dishes, highly concentrated, neutral

## Application / Dosage

- > **etolit GT 420 P** is for professional use only
- > Can be used with the following water hardness:  
Hardness range 1
- > If the water is high in salt or very hard, special water treatment must be used to avoid mineral deposits on the wash ware

**Dosage: 0,1 – 0,9 g/l**

- > The concentration of the dosage depends on the nature of the wash ware and the water quality on site and can also be increased if necessary
- > The dosing is done by an automatic dosing system:  
etolmat KSS, etolmax KSS
- > Suitable for all automatic dosing units

## Product Features

- > Excellent wetting and drip-free and streak-free drying of mixed dishes with a high plastic content
- > Brilliant shine
- > Delivers optimal washing results in conjunction with etolit cleaners

## Application

- > Ideal for use with porcelain, stainless steel, plastic and glass
- > Designed for use in conveyor belt and basket transport, hood and under-table dishwashers

## Important Information

- > **etolit GT 420 P** is suitable for all food processing companies
- > Do not mix with other products, do not transfer product into other containers
- > Store and transport product only in the original container
- > Containers, pipes and dosing devices must be rinsed with water before changing the product
- > The operating instructions of the dishwasher manufacturer must be observed

# etolit GT 420 P

Liquid special rinse aid for plastic and mixed dishes, highly concentrated, neutral

## Technical Data

- > Colour ..... Colorless fluid
- > Density..... 1,0 g/ml
- > pH-value ..... 7
- > Storability..... 4 years
- > Storage conditions.... Between 5 and 30°C

## Ingredients

Ingredients according to detergent regulations:  
More than 30% non-ionic surfactants  
Less than 5% preservatives

- > Chlorine: no
- > Phosphate: no
- > NTA: no

## Residual Emptying/ Disposal

- > Empty containers are recyclable and can be disposed of by the end consumer
- > Information on the disposal of product residues can be found in the respective safety data sheet

## Sales Units

Can 10 l  
Art.-Nr.: 2001317

Can 25 kg  
Art.-Nr.: 2001315
