

# Doyen F40

Surface disinfectant cleaner, IHO listed, also suitable for cream dispenser machines

## Application / Dosage

> **Doyen F40** is for commercial applications only.

### **DIN EN 1276**

bactericidal: 3.0 % / 5 min

### **DIN EN 1650**

levurozide (fungicide) 2.5 % / 15 min

### **DIN EN 13697**

bactericide: 3.0 % / 5 min

levurozide (fungicide) 2.0 % / 15 min

### **DIN EN 14476**

limited virucidal: 1,0 % / 5 min

We recommend a dosage of 300 ml / 10 l water (3 %) at 15 min.

- > In case of heavy soiling a pre-cleaning with etolit all-purpose cleaner / basic cleaner is recommended.
- > The dosing takes place via an automatic dosing system:  
etolmat ZDE, etolmat ZDE 1, etolmat ZD 2, etolmat ZDS
- > Add the Doyen F 40 to the water, add surfaces and wipe objects with a damp cloth and use for disinfection let it take effect (note reaction time), not before the end of the exposure time, rinse clearly or dry. Rinse treated surfaces and objects with drinking water before contact with food. Cream dispenser machines: Please note the notes of the device manufacturers

## Product Features

- > Highly active surface disinfectant cleaner
- > Good germicidal effect
- > Broad spectrum of action
- > Listed in the disinfectant list of the IHO
- > Aldehyde- and alcohol-free
- > Good cleaning performance
- > Good material compatibility

## Application

- > Powerful cleaner for gastronomy, kitchens and sanitary facilities
- > Also suitable for cream dispenser machines
- > Suitable for all surfaces made of metal, glass, plastic, ceramics and lacquered surfaces
- > Suitable for disinfection of wet waste disposal systems

## Important Information

- > Doyen F40 is suitable for all food processing companies
- > Do not mix with other products, do not transfer product into other containers.

Use biocidal products with care. Always read label and product information before use.

# Doyen F40

Surface disinfectant cleaner, IHO listed, also suitable for cream dispenser machines

## Technical Data

- > Colour..... colourless liquid
- > Density..... 1,0 g/ml
- > pH-value ..... 12
- > Storability..... 3 years
- > Storage conditions.... between 5 and 30°C

## Ingredients

Ingredients according to detergent regulations:  
5 - 15 % non-ionic surfactants  
Less than 5 % cationic surfactants

- > Chlorine: no
- > Phosphate: no
- > NTA: no

## Residual Emptying/ Disposal

- > Empty containers are recyclable and can be disposed of by the end user.
- > Information on the disposal of product residues can be found in the respective safety data sheet.

## Sales Units

**Bottle 4x 1 l**  
Art. no.: 2005529

**Canister 10 l**  
Art. no.: 2000014

**Barrel 120 kg**  
Art. no.: 2005535
